

## Facility Policies and Information

*Rules subject to change at discretion of park owner.*

### General Park Rules

- Dogs are required to be current on the following vaccinations: Rabies, Bordetella and DHHP. Proof of vaccinations required upon registration.
- Owners are required to supervise their dogs. If dogs are left un-supervised, you may be asked to leave.
- Two dog maximum per owner.
- No children under 12 permitted in the park play area. Children like to run, and dogs like to chase. Some dogs are afraid or unsure around children.
- Puppies must be 4 months or older and utilize the small dog/puppy play area. Structurally, puppy's bones and joints take time to develop. Playing with big dogs may be too much stress on your puppy's developing body.
- Dogs in heat are prohibited.
- If, at any time, play gets too rough for your dog or puppy, leash and remove them from the situation and alert park staff.
- Any dogs displaying aggressive behavior must be leashed and removed from the park immediately.
- No excessive barking. Excessive barking can heighten the level of excitement, cause anxiety for other dogs, and create an unsafe environment. If your dog(s) are barking excessively, you will be asked to take a time out and/or leave.
- Dogs must be leashed upon entrance to the park and until they enter the fenced in play area. Dogs also must be leashed before exiting the play area and the park.
- No choke chains, prong collars or e-collars.
- Owners are responsible for picking up and disposing of pet waste and cleaning any indoor area should an accident occur inside. Cleaning materials are provided.
- Toys are provided by Canine Connection and sanitized daily. Leave your toys at home.
- Dog treats are permitted for training purposes. No large dog chews or bones, and no feeding of a regular meal.
- No outside food in the park, please.
